NEW SCHOOL YEAR ARRIVES

At last night's Board meeting, Superintendent Lemon reported on the first day back to school for students. He said this is always an exciting time each year and things went smoothly. He thanked Maintenance Director Dennis Peters and his staff for their work this summer. Even though the summer maintenance crew was reduced this year, projects and clean up was completed in a timely manner and district buildings are ready for the new year. He thanked Technology staff for their work this summer converting the district to a new printer/copier system.

2010-2011 TENTATIVE BUDGET

Business Manager Bud Martin presented the 2010-2011 Tentative Budget at last night's meeting. He explained that a budget is nothing more than a spending plan and is a very speculative document. Historical data, experience, and current data is used to estimate revenue and expenditures. The tentative budget will be revised over the next 30 days as more information is received from the state and federal government. This year is particularly difficult to predict due to increased uncertainties about state funding. Revenue in all funds is estimated to be \$68,660,616—down from \$71,799,534 in 09-10. A \$2.6 million deficit is predicted. The final budget will be adopted at the next meeting scheduled for September 22, 2010—7:00 p.m. at Baldwin School Round Room.

IMPORTANT INFORMATION

- **Workers' Compensation Reporting**—If you are injured on the job, you must complete an injury report as soon as possible. Injury reports are located in the main office of your building. After completing a report, please have your building administrator read and sign the report. Then send the report to Teresa Kemp, BOE.
- **Safety Concerns.** If you see anything in your building that may be a safety concern, please report this concern immediately to our Risk Management Department. They can be reached during the day at 228-4084 and after hours at 221-3480.

Teachers' Retirement System

A group meeting is scheduled to provide information about TRS benefits and to explain the retirement process.

Members of the retirement system who have questions about their benefits and retirement process should plan to attend the group meeting at Baldwin Intermediate School in the Round Room on **Tuesday, September 7, 2010 at 4:30 p.m.**
